Summary

I am seeking a position as a **Duck Creek Policy Developer** where I can contribute to improving products and services. I aim to apply my knowledge of **Duck Creek features and workflow enhancements** while gaining exposure to diverse responsibilities that support both professional and personal growth.

Work Experience

Cognizant Pvt Ltd. (2022 - Till Date)

Profile Summary

- 3.5 Years of overall experience in software design, analysis, development and implementation using "Duck Creek".
- 3 Years of experience in Duck Creek Policy Component Solution.
- Knowledge of Duck Creek Policy. Policy Express, Author tool, Transactions, Workflow, View Models, Duck Creek Anywhere API, Tables, Stored Procedures.
- Extensive experience reading, modifying, and utilizing XML for various technical solutions.

Experience

ASSOCIATE | JUNE 2025 – TILL DATE

As an Associate Developer, I am responsible for implementing monthly updates, including changes to forms and rate adjustments, while customizing policy transactions, forms, and pages, and configuring fields to meet client requirements. Additionally, I work on configuration and design changes to Duck Creek out-of-the-box features and ensure all customizations align with client specifications.

PROGRAMMER ANALYST | NOV 2023 – JUNE 2025

As a developer I have Customized policy transactions such as New Business, Endorsement, Cancellation, Renewal, Restart, and Information updates using Duck Creek OOB features with necessary customizations. Gathered requirements and designed specifications

PROGRAMMER ANALYST TRAINEE| AUG 2022 – NOV 2023

As a Junior Developer I worked on a product built using Express 3, which integrated with third-party vendors through Duck Creek Policy Services. My responsibilities included implementing configuration and design changes to Duck Creek based on client requirements.

Education

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of science and technology

Electronics and communications engineering

CGPA – 7.8
